Rules & Regulation of Signal Services

If any client breaks below mentioned rules or our traders' strategy falls down by any reason, we are not responsible to refund his/her investment because market is 100% uncertain and risky!

Open rules and regulation were published in our website

<https://www.fxtsignals.com/free-and-premium-forex-signals-24-5>

To be successful at our signal service you will have to maintain some rules & regulations that are discussed below -

Our constant monthly Success target: 2000-3000 Pips

1: You should be alert always! Our signals can drop at any time. It depends on our analysts. When they will provide in our server, we will instantly upload those signals. There will no be any delay from our end.

2: If you delay to catch our signals, you should knock us first then place your signal according to our decision

3: Generally, we don't provide "Take Profit" because we don't want to barricade our profit. No TP 1, TP 2, TP 3, TP 4 based FAKE system!! You need to close your signals according to our decision

4: ****You mustn't trade by yourself decision or other signals provider's decision****

5: Market is always rough & uncertain so if any signals goes wrong, you shouldn't be anxious! Our head analyst will recover that!

6: You shouldn't pressurize our official team to provide signals quickly. Generally we trade less than any other day on Monday!

7: We don't trade without Stop-loss so if you don't set your SL or forget to set your SL, we have no liabilities for your accident if it happens!

8: Our signals services & Investment activities are maintained by 2 different departments. So there is something dissimilarities here!

9: ****Set your lot size according to your balance (for \$100 to \$1000 = .01 or .02) (for \$1000+ you should contact us), if you set high lot size, it may hamper your account. ****

10. Broker is an issue for best trading success! You need to select best broker and its an asset also for you.

11. Profit should be calculated by a month!

If you maintain above mentioned rules, we can ensure that you will be able to achieve your glorious success from fxTsignals.com

FOR ACCOUNT MANAGEMENT OR COPY TRADING

Any client can judge our trading style easily by sending their demo account before starting live account. Generally, we are operating that account 7 to 15 days. We never charge on it. It's completely FREE!! After that if he/she is satisfied with our performance and if he/she agrees to send his live account details to us to trade by our traders, in that case we are managing those live accounts. For proof: <https://www.fxsignals.com/claim-offer>

To manage client's account generally we don't take any liquid cash from the client. That's why anyone can apply from anywhere in the world easily. We need from client only -

-MT4/MT5 account's Login ID no and Password

-Broker name only

-Server name (broker related)

-Leverage info

If any client isn't willing to provide these details to us, we won't be able to maintain his/her account. If we get above mentioned info, in that case we will be able to maintain his/her account. Any kind of transaction can't be possible by MT4/MT5 platform. Only we are able to open and close trade by itself. Transactions are generally performed by broker ID and Password. We will never ask for that password to the client.

IMPORTANT NOTE: fxTsignals.com's any agent will never want client's broker's login ID and password related information (e.g. IC markets, Robo forex, BD Swiss etc.) and money transaction account's (e.g. Paypal, Skrill, Neteller, Webmoney, Perfect money etc.) login ID and Password. It's very sensitive info for the client. It shouldn't be handed over also.

Rules & Regulation of www.fxTsignals.com

If any client breaks below mentioned rules or our traders' strategy falls down by any reason, we are not responsible to refund his/her investment because market is 100% uncertain and risky!

Our Constant monthly success target: 10% to 20%

(It's also published in our website <https://www.fxsignals.com/forex-account-fund-investment-management-copytrading>)
